The prices in this list cancel all previous lists.

The Largest Rose Growers in the World

TO OUR PATRONS. We make the growing of Roses a specialty, and carry an immense stock of them, having *two millions* now on hand. You are invited to inspect this stock. Our aim is to give value for value. We wish to merit the full confidence of every customer we have. It is this method of dealing that has built our trade up in the few years we have been in business, until to-day we handle more Roses and Plants than any two firms in the United States.

CONDITIONS OF SALE OF PLANTS. The plants named are offered at the rates quoted, provided that not less than *five* of each variety are taken. No order will be filled from Plant List for a less amount than two dollars. All goods are sent by express unless otherwise specially ordered.

PLANTS BY MAIL. At the rate per single plant we will send by mail, postage paid. At per dozen and one hundred, one-fifth additional must be added to pay Postage. At prices given, bulbs cannot be sent by mail. No charges for Boxing, Baskets or Packing.

REMEMBER, we make the mailing of plants a specialty, so that parties in California and other far-off points who wish to avoid express charges can add one-fifth additional to their order, and have them sent by mail. We guarantee their safe arrival. We can send to California by express, where we prepay expressage in four-pound packages at eight cents per pound. Patrons so desiring, not wishing to risk the mail, can have goods sent by express where they send one-fifth the amount of their order additional to pay expressage.

REMITTANCE should be made either in the form of Money Order, Bank Draft, Express Order or Registered Letter. Remittances in any other way are entirely at the sender's risk.

UNKNOWN CORRESPONDENTS. Orders from unknown correspondents must be accompanied by the cash, or satisfactory reference. If ordered sent C. O. D., one-fourth the value of the stock called for must be remitted with the order. We make no deviation from this rule, as at the very low rate offered we cannot afford to run any risk. This rule will be strictly adhered to.

NEW EXPRESS RATE. Remember, on plants Florists have the benefit of the new special plant rate of twenty per cent discount from the general merchandise rate. Our express agents are glad to bill out all our boxes at this new rate. See that no mistake is made at your end of the line. The express charges do not need to be prepaid to secure this reduction.

ROSES OUR SPECIALTY.

SOME OF THE NEWER ROSES.

Admiral Dewey.—The following is Mr. Taylor's description of it: "Delicate blush-pink, shading to white, globular, expanding into a full flower without showing center. A sport from Madame Caroline Testout, more vigorous in habit and a very free bloomer. The flowers are borne on long, stiff stems, requiring little or no tying. A splendid bedder as well as forcer. Certificate at Boston, bronze medal and certificate at New York." The store men of New York speak in high terms of its beauty and its lasting qualities. 25 cents each; \$2.50 per dozen.

Antoine Rivoire.—A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy-flesh, on a yellow ground, shaded with a border of carmine flowers five inches in diameter. A remarkable variety of great worth. 10 cents each; \$1.00 per dozen.

Beaute Instant.—The most varied of Roses, showing a variety of colors—orange, scarlet, deep red and pink. Flowers large and full. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Bardou Job.—(The *Saucer Rose*.) This is not, strictly speaking, a new Rose, but its merits have only been discovered in the past year. It is scarce, and will be so for some time to come. It is of a semi-climbing habit, being quite vigorous and strong. The foliage is large and leathery. The flowers are very large, and resemble a saucer in shape, semi-double. The color is the deepest, richest velvety-crimson of all Roses. We know of nothing in the Rose family so rich in color. A well-grown bunch of these Roses will startle you. 25 cents each; \$2.50 per dozen.

Burbank.—This lovely Rose was raised by Mr. Luther Burbank, of California, known the world over as the "Wizard of Horticulture." It is claimed to be an improved *Hermosa*. The color is a cherry-crimson. Very bright. One of its chief merits is its hardiness. 10 cents each; \$1.00 per dozen; \$6.00 per hundred.

Clara Watson.—Salmon and pink. Extremely free in bloom. A new English variety. Highly recommended. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

Carmine Pillar.—(The *Butterfly Rose*.) Hardy climber. The flower is from three and a half to four inches across, of the brightest possible rosy-carmine, and produced very abundantly. The display lasts for several weeks. Quite hardy. One of the very finest of ornamental shrubby Roses. Of the freest growth. It is so dainty and graceful as to be given the name of the *Butterfly Rose*. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

Climbing Malmaison.—This is identical with the old Malmaison, except that it is a vigorous climber. Indeed, it is the most rampant of all the ever-blooming climbers. This is already a fixture in our list of climbing Roses, from its decided merits. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Climbing Kaiserin, or Mrs. Robert Peary.—So favorably are we impressed with this Rose that our stock of it alone will exceed fifty thousand plants. This is by all odds the most remarkable new Rose of recent introduction. It is an offspring of that grand variety, Kaiserin Augusta Victoria. The flowers are extra large, full, deep and double. They are of excellent substance, and produced on long, stiff stems, like a forcing Rose. The buds are long and pointed, a remarkable feature not found in any other climbing Rose. The color and shape of the bud and flower are identical with Kaiserin Augusta Victoria. Pure ivory-white. The foliage is also identical. The fragrance is delicious. The most remarkable feature of this variety, however, is that it blooms continuously the first year. It grows to perfection out-doors, throwing up numerous shoots ten to fifteen feet high in a single season. 25 cents each; \$2.00 per dozen; \$15.00 per hundred.

Climbing Bridesmaid.—Identical with Bridesmaid in every respect, except that it is a strong, vigorous climber. Indeed, it is the most rampant of all ever-bloomers that climb, and, like Climbing Kaiserin, it is also the most prolific bloomer of all the climbing Roses. It is a Rose of unquestioned merit. 15 cents each; \$1.25 per dozen; \$10.00 per hundred.

Coronet.—There are many new Roses offered each year that fall by the wayside, being deficient in merit. *Coronet* has come to stay. Its good qualities are numerous. It is a vigorous, clean grower, growing into a handsome specimen without pruning or attention. It is a healthy, free-blooming Rose. Only one possible criticism have we heard of this Rose—the color not being decided enough. It is a lovely deep pink or bright rose, several shades lighter than *Triumph de Pernet Pere*. Don't fail to try it. 15 cents each; \$1.25 per dozen; \$10.00 per hundred.

Climbing Wootton.—A climbing variety of this fine red Rose that is bound to be very popular. It is a very strong, rapid grower, throwing long, thick canes, and bearing large clusters of true Woottons. In the South and on the Pacific slope this will be of the greatest value. As a free-blooming, red climber it has always been in great demand. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Climbing Meteor.—Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer, and will make a growth of from ten to fifteen feet in a season. In bloom all the time, as it is a true ever-bloomer. It is just the Rose to train up the veranda or around windows. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Duke of York.—Award of merit by Royal Horticultural Society. Flowers vary between rosy-pink and white, usually white, tipped with deep, rosy-pink. A splendid constantly-flowering decorative Rose of fine substance. Much more like a fine Tea than a China in character of bloom. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Empress of China.—This is a new, hardy climber that possesses great merit. It is a strong, rampant grower, and a very free bloomer. Flowers of good size, from pointed buds, soft red, turning lighter as it opens. It blooms from May to December in the open ground. It will, in our estimation, become a standard variety for florists' use to bloom in pots for market purposes, as it is such a free and persistent bloomer. Introduced from China. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Enchantress.—A creamy-white, tinted buff at the center, large, full and globular. Extremely free in bloom. Received award of merit and also medal from the Royal Horticultural Society. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Francois Dubreuil.—This is a grand new red Rose. The color is a deep, vivid crimson with rich velvety shadings. Fine for open ground planting. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

Ferdinand Jamin.—A strong, vigorous grower and free bloomer of the Hybrid Tea class. Flowers large, full and globular. Color rosy-carmine, shaded with salmon. The center of the Rose is light, while the color graduates and deepens to their very tips, resembling a halo of glory. 15 cents each; \$1.00 per dozen; \$7.00 per hundred.

Golden Gate.—This variety, while not new, has recently attracted considerable attention, and is considered by many one of the most valuable Winter-flowering Roses now grown. It does best in a temperature that grows fine Bridesmaid. Under favorable conditions its shapely blooms are often as large as American Beauty, and are borne on strong, heavy canes, stiff as reeds. When well grown it is of exquisite color—shell-pink, shading to creamy-flesh on outer petals. This Rose has been grown quite largely in the vicinity of Washington, where it has been received with great favor. It is a favorite with both grower and retailer, and commands the highest prices of any Tea Rose. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

General Robert E. Lee.—This is the first Rose that we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the style of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any Rose we know of. It colors up much deeper and richer in cloudy weather, which will make it a useful Rose for Winter forcing. The color is so peculiar and rich that it attracts attention wherever seen. Try it. 10 cents each; 50 cents per dozen; \$2.00 per hundred.

Helene.—*(The New Rambler.)* A seedling from Crimson Rambler originated by a famous German rosarian from whom we obtained our stock. Flowers are larger than those of Crimson Rambler, nearly double and borne in clusters of twenty to fifty. The color is a soft violet-rose, yellowish-white at base of petals. The anthers are pure yellow and so numerous as to give further color to the flower. Habit fully as strong as Crimson Rambler, but more graceful. Forage like Crimson Rambler, but less subject to mildew. Hardy. A most valuable introduction. 15c each; \$1.25 per doz.; \$5.00 per hundred.

Helen Cambier.—*(Klondyke.)* One of the loveliest of coppery-yellow Roses. A strong, vigorous grower, and has come to stay. Goes under the name of Klondyke. This we consider very valuable; will become one of our standard bedding Roses. Try it. 15 cents each; 75 cents per dozen; \$5.00 per hundred.

Lady Dorothea.—*(The Greatly Improved Sunset.)* This new Rose was introduced the past Spring by Mr. John H. Danlop of Canada. It is preeminently a florist's Rose, being a free bloomer in the Winter. Winner of silver cup, Chicago, 1898, also certificates of merit at New York and Toronto. The color resembles the ruddy afterglow of a sunset, always an attractive and selling color. It is double the size of Sunset. The past Spring we sold upwards of 20,000 plants of Sunset, showing that there is a growing demand for a Rose of its color. We predict that Lady Dorothea will supersede Sunset as it is a much superior Rose. 25 cents each; \$2.00 per dozen; \$15.00 per hundred.

Madame Wagram.—*(The Climbing Paul Neyron.)* Large, full flowers of magnificent satin rose color. Extremely beautiful. When fully opened measuring four and one half inches across. Also promises to be a valuable pillar Rose in the far West and South. It resembles Paul Neyron in its immense size, shape and color. A gem. 15 cents each; \$1.00 per dozen; \$6.00 per hundred.

Madame Abel Chateau.—Another Rose of the Testout type. It is forced in some localities in large quantities. The color is a warm, soft pink. A very attractive color. Certainly a grand Rose. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

MRS. ROBT GARRETT.

Mrs. Robert Garrett.—The best of the Testout family. We will grow fifty thousand plants of Mrs. Robert Garrett this season. This is a new forcing Rose that has been widely advertised, and with us it seems to merit all that has been said in its favor. The color is a magnificent glowing soft pink, a color which shows to advantage under any light and is largely sought after by flower lovers. 15 cents each; \$1.00 per dozen; \$6.00 per hundred.

Muriel Graham.—The latest addition to the Mermet family, being a sport from that fine variety, identical with it in everything save color, which is creamy-white, suffused with delicate pink. A color intermediate between Mermet and Bride, and as dainty as possible to imagine. A nice addition to our forcing varieties. 15c each; 75c per dozen; \$5.00 per hundred.

Maid of Honor.—*(The Brighter Bridesmaid.)* Advertised as Miss Clara Barton. This grand sport from Bridesmaid originated with the Hoffmeisters of Ohio. They say of it: "After rigid tests, during the last two years, we are able to state—1st. That its color is a rich, glowing pink, darker than Bridesmaid. 2d. That it is an excellent keeper, and sells over the counter better than Bridesmaid. 3d. That it is a most prolific bloomer, with all perfect buds." 15 cents each; \$1.00 per dozen; \$6.00 per hundred.

Mosella, or Yellow Souper.—Mosella is a stronger grower, flowers are a little larger than Clothilde Souper, but appear the same way in clusters and on single stems. The color is chrome-yellow in the center, getting creamy-white on the edges of the petals. It will make a great bedder and perfectly hardy. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Preciosa.—This grand new Rose is the freest blooming of all the Roses we grow. It literally hides the plant with its lovely deep red flowers of brightest hue. It is full and double, of medium size, and we have counted fifty blooms on one plant ten inches in height. It will be a grand Rose for pot culture or for the garden. 15 cents each; \$1.00 per dozen; \$7.00 per hundred.

President Cleveland, or Climbing Marie Guillot.—This grand new Rose is known in different parts of the country under both the above names. Of a semi-climbing habit and is identical with Marie Guillot, the loveliest of all white Roses, except it is a climber. It is worthy a place in any flower garden. 15 cents each; \$1.50 per dozen; \$10.00 per hundred.

Princess Alice de Monaco.—A most charming new ever-blooming Rose that must take prominence for Summer bedding, as its habit is perfection, strong, upright growth, with clean, healthy foliage. The flowers are produced in wonderful profusion on long, straight shoots, are deliciously fragrant, large size, double to the center, and of fine form, so that perfect flowers may be had during the hottest Summer days. The coloring is exquisite, a creamy-white on the outside of the petals, with a faint rosy-blush on the edges. As the flowers expand they disclose a charming shade of opaline-pink, deepening to rich blush. 15 cents each; 75 cents per dozen; \$6.00 per hundred.

Princess Venosa.—A strong grower, producing a long bud, flower large and beautifully formed. Color nankeen-yellow, with shadings of carmine. A most remarkable combination of colors. 10c each; 60 cents per dozen; \$5.00 per hundred.

Red Maréchal Niel.—A cross between General Jacquemont and Marechal Niel; flower very large, well-shaped, full, form of buds and flowers like the yellow Niel; color bright red shading to deep rose, very sweet, growth very strong. Received a gold medal at the Rose Exhibition, 1897, at Frankfort-on-Main. 25 cents each; \$2.00 per dozen.

Royal Cluster.—*(Hardy Climber.)* "The name 'Royal Cluster' has been given it because of the great size and beauty of its clusters. One hundred and nineteen flowers and buds have been counted in one cluster at a time. The flowers are white, generally tinged with blush when breaking; of medium size, quite double, beautifully formed and durable; making Royal Cluster the very best companion for the Crimson Rambler yet introduced, and no doubt will become a popular forcing Rose. Royal Cluster is a vigorous climber and a free bloomer, continuing a long time in bloom. It is a sterling novelty." 10 cents each; 60 cents per dozen; \$5.00 per hundred.

Santa Rosa.—Another of Mr. Luther Burbank's Roses. We can see but little if any difference between it and his Rose, Burbank. 10 cents each; \$1.00 per dozen; \$6.00 per hundred.

Sweet Little Queen.—Named in honor of Queen Wilhelmina, the young Queen of Holland, who was crowned in 1898. This is a very dainty and attractive Rose. The buds are long, flowers large and double, center petals narrow, outer petals broad, color Daffodil-yellow with blush and orange shading. A very fragrant free flowering variety. 15 cents each; \$1.25 per dozen.

Souvenir de Jeanne Cabaud.—We pronounce this to be without question, one of the finest Roses in this book. It is one of the really grand varieties. The flowers are extra large, full, very deep and double; of great substance. It is perfectly shaped. Color superb, outer petals coppery-yellow, center apricot and carmine. Simply grand. 15 cents each; \$1.00 per dozen.

Souvenir de Madame Eugene Verdier.—Flowers large and full, color creamy-white, shading to yellow. A variety that is sure to become very popular. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Souvenir de President Carnot.—The finest Rose presented to the public in many years. In beauty of form it is simply unsurpassed, while to our taste it is the loveliest combination of pink and white tints that we have ever seen, and the great majority of people who have seen it agree with us, for the admiration elicited by it is involuntary. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Souvenir de Catherine Guillot.—An extra fine novelty, producing a long, pointed bud of the color of the Austrian Copper. The open flower is large and full, and a wonderful combination of color. Very fragrant, and a free and easy grower. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

Sylph.—(New.) Flowers ivory-white, tinted with peach color. A very beautiful blending of colors. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

White Bougere.—A free bloomer and clean, healthy grower; blooms of great substance. Pure white, good stiff stem. As pure white as Niphetos, and from a given space will produce fifty per cent more blooms than Bride. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

WHITE MAMAN COCHET.

White Maman Cochet or Priscilla.—The Charming New White Tea Rose. Another new American Rose, but as widely different from all other white Roses as one can well imagine. It belongs to the Tea class, being a child of that grandest of bedding or out-door Roses, Maman Cochet, and is hardy here in northern Ohio, with slight protection in Winter. Its habit is exceedingly strong and upright, like its parent, and possesses the same large, beautiful, healthy foliage, and is a most profuse and constant bloomer. The flowers are of enormous size, remarkably round and full, pure, clear snowy-white throughout, and are delightfully Tea scented. It is by far the finest and most reliable white bedding Rose yet produced, and should be planted by everybody. By planting a few plants of it, anyone can have the very finest Roses for cutting and for use in vases, upon altar, dining table, parlor, etc., all Summer and Autumn. Without question the largest white Rose, both in bud and flower. No other Rose of its color approaches it in size. It is startling. This Rose will disappoint no one who plants it. 15 cents each; 75 cents per dozen; \$5.00 per hundred.

White Marechal Niel.—This Rose is an exact counterpart of Marechal Niel in every respect except the color of the flowers. Identical in growth, foliage, climbing habit, etc. The flowers are white. 15 cents each; \$1.00 per dozen; \$8.00 per hundred.

Bridesmaid.—The pink sport from Catherine Mermet. It is a stronger grower than its parent, has handsome foliage, is shorter jointed, and the flowers are a much livelier pink. A grand variety, and the most popular pink Rose ever introduced, and the best seller. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

BEAUTY OF STAPLEFORD.

pink. It is of the richest shade. A rare color. The pretty flowers are sweetly perfumed and large, beautifully formed, and of that long, tapering shape, with high center, and when half blown the petals reflex in a graceful manner. The buds (which are borne on strong, erect stems one and a half to two feet long) are from two and a half to three inches in length, and when fully open the flowers are five and a half to six inches in diameter, without showing the center. The flowers have great substance. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

Clothilde Souper.—Its color is a pearl-white, with a vivid carmine-rose center, which fades after a little, leaving the Rose almost white. It is a constant bloomer, quite fragrant, and cannot fail to be a splendid market

plant for growing in pots for Spring sales. In addition to its suitability for market purposes, it will be very useful to the cut-flower worker, forming, as it does, nice sprays of open flowers and half-open buds. 10 cents each; 50 cents per dozen; \$2.50 per hundred.

Christine de Neve, or Double Papa Gontier.—(New Forcing Rose) The buds are long and finely pointed, the color a clear, rich maroon or deep, purplish-red, passing to lake, center sometimes streaked silvery-white. Petals finely imbricated and the flowers deliciously sweet. More valuable than Papa Gontier, as fine a color, forces as well, has a larger bud, and is perfectly double. 10c each; 50c per dozen; \$3.50 per hundred.

Catherine Mermet.—A beautiful, clear flesh color, with the same silvery luster seen in *La France*. Large, full, well-formed, very beautiful in bud. Still one of the finest and best forcing Roses. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

Crown Princess Victoria.—(*White Malmaison*.) New. The color is a pure waxy snow-white, sometimes has a lemon tint, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Resembles that grand old Rose "*Malmaison*" in shape and fullness. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Comtesse de Frigneuse.—The color is a deep golden-yellow, with a soft shade inside of petal. As a yellow Rose this takes rank next to *Marchal Niel*. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Countess Eva Starhemberg.—The bud is long in form, opening into a fine double flower, of great beauty and heavy texture. Color creamy-yellow, shading to ochre at the center, borders of the petals touched with rose. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Champion of the World.—It is quite hardy, and possesses that delicious, old-fashioned Rose fragrance so much sought after in an ever-blooming variety. For a pot Rose it has no equal. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Charles Legraty.—Color a fine chamois-red, richly shaded with violet-crimson, very sweet and a constant bloomer. Extra fine. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Cornelia Cook.—The flowers are the clearest, snowiest white, and arranged in the most faultless and symmetrical manner. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Docteur Reymont.—The color is a bright, shining vermilion-red, reverse of the petals elegantly clouded with rich violet-crimson. An exceedingly sweet variety. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Duchess of Edinburgh.—A splendid Rose, producing very large buds of the most intense, deep crimson. It flowers freely, and is very vigorous. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Duchess of Brabant, or Comtesse de la Barthe.—This Rose combines exquisite perfume, beautiful coloring, and matchless profusion of flowers and foliage. How shall we describe its coloring? A soft, light Rose, with a heavy shading of amber-salmon. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Duchess of Albany.—A deep, sweet pink in color; not shaded, but what is called a solid color. Ladies prefer it on account of its beautiful color to any other Rose for personal adornment, as it shows up against either light or dark dress goods to a charming advantage. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Dr. Grill.—This is being forced, and with good results. The color is a coppery-yellow, of the finest type, and very beautiful. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Empress Eugenie.—One of the sweetest of all pink Roses. It is a prime favorite in the far South. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Ernest Metz.—Color rosy carmine, with the color heightened in the center. Variety extra. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Etoile de Lyon.—This is considered one of the finest yellow bedding Roses for outside planting. It is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem. It equals *Marchal Niel* in size. On strong bushes. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Edouard Littaye.—New. Color rosy-carmine, tinted light pink, often shaded with dark pink. We are impressed with this Rose, and think from the freedom of bloom, chaste color, and fine form that it will be used for forcing. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Henry M. Stanley.—The color is a rare shade of amber-rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear bluish rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Hermosa.—An old favorite. It is always in bloom and always beautiful. The flower is cupped, finely formed and full. Color the most pleasing shade of pink, soft, but deep. The best market Rose grown. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Isabella Sprunt.—A canary-yellow, a very free bloomer, literally lavishing its large, beautiful buds. Fragrant, strong-growing, and requires but little attention. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

J. B. Varrone.—Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose, and very sweet. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Kaiserin Augusta Victoria.—This is one of the grandest of all Roses. It is a strong, vigorous grower, producing buds and flowers of enormous size. Color pure white. We have no hesitancy in saying that this Rose is unequaled by any other variety in its color. It is a grand Winter bloomer, and is largely forced for cut flowers. A grand garden Rose on account of its vigorous growth and hardiness. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

La France.—No variety can surpass it in delicate coloring—silvery-rose shades, with pink. It has a satin sheen over all its petals. It is universally regarded as the most useful of all Roses, for it is hardy beyond question. It blooms continuously. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Letty Coles.—This is one of the very sweetest and prettiest Roses in our entire collection. The flower is of the largest size and very fragrant. The color is a deep rose, touched with crimson. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

Luciole.—Another good Rose, producing very long, pointed buds of a coppery color, suffused with pink and crimson. This Rose we recommend for its many good qualities. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Leonie Osterreith, or White Souper.—We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of good size, the flower full and double, and deliciously fragrant. Pure porcelain-white, with deep center. In freedom of bloom this charming variety rivals the *Polyanthas*. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Madame A. Veyssset.—(*Striped La France*.) A magnificent new Rose, identical in every respect with its parent, *La France*, except in two particulars—it is much stronger in growth, and the flowers are beautifully striped and shaded a delicate white. The coloring is exquisite, and we think this Rose will please cut-flower buyers. It forces freely, and produces magnificent large buds and flowers. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Madame Caroline Testout.—Probably no Rose stands higher in public estimation to-day than *La France*, and when we say this elegant new Rose is a close counterpart of *La France*, we have said enough to insure its being planted by vast numbers of people. We don't know that it is any better than *La France*, but it is decidedly deeper and more brilliant in color and a larger flower, and is as good in other ways. It is a wonderful Rose. The petals are large and of elegant *La France* form. Exquisitely edged and bordered with clear silver-rose. Both flowers and buds are extra large, and of very elegant form. The color is brilliant satiny-rose, deepening in center to clear red. It is of excellent substance, keeps its color well, and its splendid, large, globular flowers impress every one with a sense of its superiority and great beauty. 15 cents each; 75 cents per dozen; \$5.00 per hundred.

Madame de Watteville.—Color a beautiful creamy-yellow, tinged with large, shell-like petals, having bright, crimson-shaded border. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Madame de Vatre.—One of the brightest Roses. We consider this splendid variety to be one of the very best and most satisfactory Roses for general planting, especially outdoors. The people in the South fairly rave over its great beauty. In New Orleans it is a prime favorite. Makes big, clean buds of great beauty and opens well, showing the large, full, double flowers to great advantage. The color is a rich red, changing to silvery-peach—reminds one of the delicate hues seen on the inside of the fairest deep-sea shells—rosy-flesh bathed in golden-amber, broad, shell-like petals, bright and beautiful. In every way a fine Rose. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Madame Eli Lambert.—The color is somewhat in the way of *Madame de Watteville*, but deeper. Rich, creamy-white, faintly tinted with pale golden-yellow, and exquisitely bordered and shaded with soft, rosy-flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer. A magnificent Rose in every way. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Madame Hoste.—It possesses all the requisites of a first-class forcing Rose, viz: strong, vigorous growth, large, well-formed buds, freely produced. We believe this Rose to be one that will continue to assert its claims until it is as generally grown as *Perle* or *Niphetos*. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Madame Honore Defresne. A valuable and exceedingly beautiful variety, flowers a clear golden-yellow, very large, full and sweet, buds long and pointed, opens well. First-class in every way. Probably the richest yellow Rose ever grown. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Madame Joseph Schwartz.—A most useful variety for pot culture, and in every way desirable for market purposes. Good bedder, color white, beautifully flushed with pink. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

Madame Lambert.—Color a beautiful shade of rosy-bronze, changing to salmon and fawn, shaded with carmine, buds and reverse of petals a deep rosy-crimson. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Madame Martha du Bourg.—The color is creamy-white, touched with carmine or pale heliotrope on the edges; texture heavy. A very promising Rose. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Madame Pernet Ducher.—A good, well-formed bud, quite long and of distinct shape and form. Color a light canary-yellow. The first distinct yellow hybrid Tea. Of good, strong, robust growth. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Madame Schwallier.—The color is a bright rosy-flesh, paler at the base of the petals, and deepening on the edges. Apt to come in clusters, which are excellent for cutting. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Madame Scipion Cochet.—Color a soft Primrose-yellow, with rose shadings. Deliciously sweet-scented, and very unique in the size and shape of its buds. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Madame Welche.—An extra fine variety, very large, double, and of beautiful, rounded form, a soft, pale yellow, sometimes cream, with short inner petals of growing orange and copper. Not to be forgotten if once seen. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Mademoiselle Franciska Kruger.—It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower when open is of good size and very symmetrical. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Mademoiselle Cécile Berthod.—Most beautiful, both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over fifty thousand, which is an evidence of how we prize it. Altogether a grand Rose, and always in bloom. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Marquis de Virviens.—Here we have a beauty indeed. The flowers have a great depth and substance, and are of fine globular form, with broad, thick petals and large, finely-shaped buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose and becoming lost in the pale yellow of the center. A bright and showy Rose of the Tulip section, very highly colored and blooming without cessation. It would be difficult to imagine a more lovely Rose. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Maurice Rouvier.—Flowers of enormous size and quite double; splendid form. Color a soft, tender rose, shaded and varied with red. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Media.—Flowers a bright lemon, with canary-yellow centers. Very full buds, with high centers, foliage dark and thick in color, like Perle. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Meteor.—A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flowers very double, and petals slightly recurving. A beautiful open Rose, a free bloomer, and promising well as a pot Rose. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Miss Edith Gifford.—Color of a beautiful flesh-white or cream with light pink center. The two colors blend and shade together so nicely as to make it one of our most elegant Roses. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Niphetos.—Large pointed pure white buds, sometimes slightly tinted with pink. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Papa Gontier.—The blooms are large and long, with thick, broad petals of dark carmine-crimson. The inner petals are a bright rosy-carmine, and light up well at night. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Perle des Jardins.—Canary or golden-yellow, flowers large and beautifully formed. Handsome in every stage of development, from the smallest to the open bud. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Rainbow.—A beautiful pink Rose, streaked with crimson. One of the leading cut flower Roses in San Francisco. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Snowflake.—(Marie Lambert.) This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest-flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Sunset.—The color is a remarkable shade of rich, golden amber, elegantly tinged and shaded with dark, ruddy copper, intensely beautiful, and resembling in color a splendid "after-glow." 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Souvenir de Wootton.—Color velvety-red, equal to Jacqueminot. It is a double Rose, and is good in bud, half open, or fully expanded. Full, open flowers, frequently six inches in diameter. A most excellent Rose. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Souvenir de un Ami.—A fine, delicate Rose, shaded salmon. One of the best pink Roses, and a good variety to force. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Souvenir de Malmaison.—Always in demand. Everyone's favorite, and never enough to go around. Fine for private grounds, cemeteries and parks. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

The Queen.—It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Triumph de Pernet Pere.—The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson. Striking and beautiful. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

The Bride.—A lovely pure white, very fragrant Rose, admirably adapted for forcing. The buds have more substance than Niphetos, are very full and double, and possess the good characteristics of Catherine Mermet. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Viscountess Folkstone.—The flower is delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it is like a fine white Pæony, but without a suggestion of stiffness. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

White Perle des Jardins.—We think that every lover of white Tea Roses will be delighted with White Perle. It will be found totally distinct from Bride or any other white Rose. A great Rose. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Blooms are produced in great bouquets, and are of a most peculiar and lovely shade of crimson. It has proved perfectly hardy, even in our trying Ohio climate. A bed of this pegged down and requiring little attention would be very useful to the general florist at blooming time. It also makes a fine pot plant, treated and brought on like the early blooming Hybrid Perpetuals, and forms a perfect bouquet of bloom. This is without question the handsomest plant of any description for Easter blooming. Grown in the field one or two years, the latter age is best, dug and potted and kept cool at night for about six weeks, until root action is active, then gradually increase temperature. Treated this way this Rose produces, from the very pot to its topmost branches, huge bunches of from fifty to two hundred blooms in a cluster, and is a sight not soon to be forgotten.

Manda's New Evergreen Memorial Roses.

Hybrid Wichuriana Memorial Roses.

What Mr. Manda says: "The most remarkable achievement and improvement of a new and distinct type of Hardy Roses that has been made for a generation. The growth is remarkable for its freedom, a single plant, four years old, covering a space of 240 square feet with long shoots, twelve to twenty-five feet in length, completely covering the ground with its bright, glossy foliage, and showy, fragrant flowers. The same plant has made one hundred and eight new growths of remarkable strength during the Summer. The foliage of all is leathery in texture, shining, and not only proof against insects, but evergreen; that is, keeping the foliage all Winter—a characteristic in Roses never before obtained. The flowers are produced most profusely, are all of large size, very fragrant, and can be easily used for cut-flower purposes, as much as any greenhouse Tea Rose, especially when in bud. The use of these Roses will be unlimited—for trailing or covering ground where nothing else would grow, to cover roots, stumps and stems of trees, walls and trellises, for cut-flower purposes, and also for forcing as pot plants during Spring, especially for Easter."

Jersey Beauty.—Extremely vigorous grower; foliage thick, of leathery substance; flowers singly or in clusters of two to four; large, single, three inches in diameter, opening pale yellow with clusters of bright yellow stamens, which give it a novel appearance; fragrant and produced in greatest profusion, covering the plant entirely and having the appearance of a yellow Cherokee Rose. Great acquisition to Roses and the most striking variety of the set. 35 cents each; \$3.00 per dozen.

Gardenia.—Strong grower with large, green foliage; flowers produced singly on stems one-half to one foot long when in bud, hardly distinguishable from *Perle des Jardins*, bright yellow, and when open cream color, three to three and one-half inches in diameter, incurving towards evening to perfect imitation of a *Gardenia* or *Cape Jasmine* as to shape and color, hence its name; flowers delightfully fragrant and produced freely. A grand Rose for any purpose. 40 cents each; \$3.50 per dozen.

Evergreen Gem.—The most wonderful grower of the set, not only evergreen, but growing during mild weather in Winter. Stems long branching, rich bronze color, covering the ground closely. Foliage fine rich bronze color, closely matted. Flowers produced singly on stems, yellow, buff in bud, opening to almost white, two or three inches in diameter, perfectly double, and of a delightful sweetbriar fragrance. This will be found most valuable for landscape work, as well as for cut-flower purposes. We consider this the best plant of the set. 35 cents each; \$3.00 per dozen.

SPECIAL.—One plant each of the three varieties of Evergreens for \$1.00.

Coquette des Alps.—A lovely pure white Rose. Very full and free in flower. Delicious fragrance.

Captain Christy.—The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a fresh, delicate pink, with deeper shading in the center of the flower; the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free bloomer.

Countess of Roseberry.—The color is satin-pink in the center, and deepens to the outer petals to a bright rose. The feather shading gives it the appearance of two distinct colors. It has completely captivated us. Very free flowering and a good grower. Be sure and try it.

Duke of Edinburgh.—One of the old stand-by dark red Roses for the garden.

Dinsmore.—It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long, being even more profuse than most of the tender, "ever-blooming" Roses. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses.

Dr. Hogg.—Deep violet crimson, richly shaded with maroon, shell-shaped petals, full, compact form, very double and desirable.

Earl of Dufferin.—A grand, deep, rich red Rose; large and fragrant.

Earl of Beaconsfield.—A magnificent Rose. Large, very full and fragrant, deep rosy-crimson, brightening with intense rosy-scarlet.

Fisher Holmes.—Dark, rich scarlet, elegantly shaded with deep, velvety-crimson, beautiful, and extra large, full flowers, fragrant.

Fontanelle.—A lovely hardy Rose of the largest size, deep scarlet in color.

Francois Levat.—A very beautiful Rose. Soft china-pink, delicately shaded carmine and blush, large, finely-formed flowers, delightfully fragrant.

Gloire de l'Exposition Bruxelles.—Flowers are finely formed, large and perfectly double. Color a bright crimson, of velvety texture. A Rose of unusual merit. We are pleased with it. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

General Jacqueminot.—A rich, velvety-crimson, changing to scarlet-crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all Hybrid Perpetuals and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

General Washington.—This magnificent Rose is one of the best for general planting. Colors brilliant, shining crimson, very rich and beautiful, flowers are large and perfectly double.

Giant of Battles.—This is still esteemed as the very best rich red Rose. Very large, double, full and sweet. Excellent.

Gloire de Margottin.—This grand new Hybrid Perpetual Rose originated in Europe, and is believed to be one of the very finest varieties of recent years. The flowers are very large and of symmetrical form, somewhat globular, very full and deliciously scented. The color is a clear, dazzling red. Certainly one of the most brilliant Roses ever seen. It is a free bloomer and vigorous grower, and is recommended for its great beauty and wonderful color. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

Gloire de Lyonaise.—This grand Rose is the only yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon-yellow, deepest at center, sometimes passing to a rich, creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large, full and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

Helen Keller.—This new grand variety has won nine first-class certificates, and first honors at all the leading shows. It is a true perpetual bloomer, and is an ideal hardy garden Rose. It is a strong and vigorous grower, producing large, handsome flowers in the grandest profusion throughout the growing season. The flowers are of great substance, large, full, and fragrant, while the buds are superbly beautiful; color is a brilliant rosy pink, certainly a lovely acquisition. 15 cents each; 75 cents per dozen; \$5.00 per hundred.

Jubilee.—This grand Rose was awarded the gold medal by the Massachusetts Horticultural Society, the only Rose to obtain that honor. It is the finest dark red hardy garden Rose yet produced. A pure red in its deepest tone, shading to deep crimson-red and velvety maroon-red in the depths of the petals. It fairly glows in its rich warmth of coloring and has a rich velvety finish all its own, containing the darkest color combined with pure color of which Nature is capable. It is a hardy ever-bloomer and an acquisition to any collection of Roses. Offered for the first time. 15 cents each; 75 cents per dozen; \$5.00 per hundred.

John Hopper.—One of the most reliable and satisfactory Hybrid Perpetuals ever grown. Flowers are large, very regular and full. Color a brilliant rose, changing to a bright, glowing pink, shaded with rich scarlet. Very sweet and a profuse bloomer.

Lady Emily Peel.—Very sweet, color white, sometimes tinged and shaded with blush.

Louis Van Houtte.—A rich crimson, heavily shaded with maroon and beautifully formed, double flowers.

Marchioness of Lorne.—This fine new English Hybrid Perpetual was introduced by Messrs. William Paul & Son, of London, who say: "This beautiful Rose, dedicated by special permission to her Royal Highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, fulgent rose color, slightly shaded in the center with vivid carmine. They are large and very sweet, full and finely cupped shape. Petals large and buds long and handsome. It is especially remarkable for its truly perpetual habit, every shoot being crowned with a flower bud." 15 cents each; 60 cents per dozen; \$5.00 per hundred.

Madame Alfred de Rougemont.—A strong, vigorous grower, begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinted and clouded with pale rosy-blush. Large, full and double, and borne in large clusters. Fragrant and good.

Mademoiselle Marie Raby.—A clear, bright red, finely penciled with rich maroon, very large, full flowers, fragrant and beautiful.

Magna Charta.—A bright, clear pink, finished with crimson, very sweet, flowers extra large, with fine form and very double.

Madame Plantier.—The iron-clad white cemetery Rose. This is the old stand-by, and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful, snowy-white, fragrant Roses. It is as hardy as an oak.

Marie Bauman.—Considered one of the very best dark red Roses of this medium size.

Mrs. John Laing.—An elegant, new, constant-blooming Hybrid Perpetual Rose. One of the very finest in its class. Color a clear, bright shell-pink, exquisitely shaped. The buds are long and pointed, the flowers extra large and full, borne on long stems, and exceedingly sweet. Valuable, both for open ground and greenhouse culture. A most exquisite Rose. 15 cents each; 75 cents per dozen; \$6.00 per hundred.

Madame Joseph Desbols.—A most vigorous grower and persistent bloomer. The flowers are very large and double, on long, stiff stems, of fine, waxy texture and substance, and last a long time in a fresh state after being cut. The color is a pure snow-white. This we recommend as a very desirable sort. We had buds on this Rose four inches through. A veritable beauty. This, no doubt, is the very best white hardy Rose in existence. It is difficult to propagate, and for this reason will always be scarce and high priced, but it grows well after once being rooted. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

Madame Chas. Wood.—A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues throughout the season. The flowers are extra large, very double and full, and quite fragrant. Color a bright fiery scarlet, passing to fine rosy-crimson, elegantly shaded with maroon. Very showy and handsome, and one of the best Roses ever introduced for general planting.

Mrs. Sharman Crawford.—Deep rosy-pink, outer petals pale flesh, base of petals white. Received gold medal of the National Rose Society. Flower large and of perfect form. A new color in this section, and one of the most promising of the new Roses. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

GENERAL COLLECTION OF HARDY ROSES.—Continued.

Madame Masson.—An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try this variety.

President Lincoln.—A bright red Rose of the richest hues, large, full and fragrant. Excellent.

Prince Arthur.—A grand Rose, of deepest bright scarlet.

Prince Camille de Rohan.—This variety is always a prime favorite with everybody. Richest crimson.

Perfection des Blanches.—A finely-formed, pure white Rose. Occasionally shows white flesh when first opening. Beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush.

Roger Lambelin.—One of the most remarkable Roses yet offered. The petals are irregular on the edges like a double Petunia. The color is glowing crimson throughout, except the edges

of the petals, which are all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses. The growth is free and vigorous, and the fragrance is delightful, equal to the finest of the hardy Roses. This is a "novelty" of the most striking order. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

Salamander.—Another rich red Rose of the largest size. Very fragrant.

S. Reynolds Hole.—Said by many to be the best Rose of its color. Rich crimson.

Triumph des Beaux Arts.—A grand garden Rose, bearing its huge scarlet flowers in grand profusion.

Vick's Caprice.—This is the only hardy Rose that has any variegation. It is a vigorous grower, and bears large and fragrant flowers of bright rose, distinctly striped a rich crimson. It is altogether a most unique and pretty variety. A Rose that is sure to attract attention. We always have a large sale for this Rose.

PALMS.

A LARGE STOCK TO SELECT FROM.

Our Palms are fine, sturdy stock, free from disease, grown cool, with plenty of room, no bottom heat being used to advance the same unnaturally. These plants can be shipped with perfect safety, either by express or freight, not advising the latter in extreme cold weather. Goods are entirely at the risk of purchaser after being delivered to forwarders.

SPECIAL NOTICE.—Our measurements of plants, where given, as in the case of Palms, etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARAUCARIA EXCELSA, Norfolk Island Pine.
See description on page 12.

WASHINGTONIA FILIFERA.

ARAUCARIA EXCELSA. Norfolk Island Pine.*See cut on page 11.*

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree. Others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give any adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. It requires the same culture as the Palm. **Extra fine plants, four-inch pots, ten to twelve inches high, three to four tiers of leaves, \$1.00 each.**

ANTIGONON LEPTOPHUS. The Mountain Beauty, or The Queen's Wreath.

A splendid climbing plant from Central Mexico, producing rose-colored flowers in racemes two feet long. The profusion of bloom is such as to give the resemblance of Roses at a distance, hence its name, *Rosa de Montana*, or Mountain Rose. 60 cents per dozen; \$4.00 per hundred.

AMPELOPSIS VEITCHII.

BOSTON IVY. A beautiful, hardy climbing plant of Japanese origin. This is one of the finest climbers we know for covering walls, as it clings firmly to the smoothest surface, covering it smoothly with overlapping leaves, which form a perfect mass of foliage. The color is a fresh, deep green in Summer, changing to the brightest shade of crimson and yellow in Autumn. It is quite hardy, and becomes more popular every year. 50 cents per dozen; \$3.50 per hundred. Strong three-inch pot plants, 60 cents per dozen; \$5.00 per hundred.

ANTIGONON LEPTOPHUS.

ACHILLEAS.

New Achillea, The Pearl.—We take much pleasure in calling special attention to this plant, as it is one of the most beautiful and useful. It is a hardy perennial, the top dying down to the ground every Winter. A plant will produce hundreds, and even thousands of flowers the first Summer, but when established the second year they frequently have more than five thousand perfect flowers on a plant at the same time. Great profusion of snow-white flowers nearly the whole Summer. 40 cents per dozen; \$3.00 per hundred.

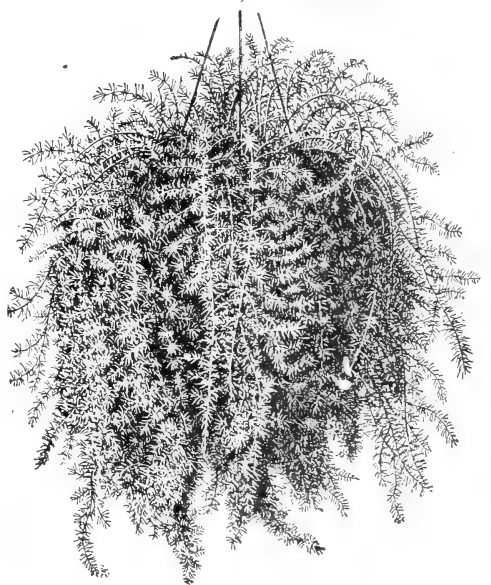

New Rose-colored Achillea, Millefolium Rubrum.—This beautiful new Achillea has large fronds or leaves of the most delicate fern-like appearance, that for foliage alone would be worthy of a place in any garden. But then it produces large clusters of flowers a deep lake rose in color, making it wonderfully attractive. 40 cents per dozen; \$3.00 per hundred.

AGERATUM, PRINCESS PAULINE. (New.)

A most distinct and novel variety. Of dwarf, compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower, the body of the flower being white, while the stamens are of a light sky-blue, giving the flower a pretty, variegated appearance. One of the most distinct new bedding plants that has come under our observation this season. 10 cents each; 50 cents per dozen.

ABUTILONS.

General collection of the best market kinds. In all colors. 40 cents per dozen; \$3.00 per hundred.

ASPARAGUS, SPRENGERI.

ASPARAGUS, SPRENGERI.

When introduced, at a high price, a little over a year ago, this variety was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large Roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as, for example, in the decoration of mantels, nothing can equal it. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

ASPARAGUS, PLUMOSUS NANUS.

This graceful climbing plant has, to a great extent, taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than the most delicate Fern, and will last for weeks after being cut, the whole plant being of a bright, cheerful green. It is an excellent house plant, succeeding under almost any conditions. 10 cents each; 60 cents per dozen; \$4.50 per hundred.

CHRYSANTHEMUMS.

Standard varieties. Two hundred kinds to select from. 40 cents per dozen; \$3.00 per hundred.

Send us a list of what you need and we will give you prices.

ACALYPHA SANDERII.

Known also as *Philapene Medusa* or *Chenille Plant*. A sensational novelty. Silver medals have been awarded it at Boston and New York. Leaves are dark green, from the axil o. which springs a long, drooping spike of glowing crimson-scarlet flowers, nearly an inch in diameter and from eighteen to twenty-four inches long, very velvety in texture, reminding one of a long piece of brilliant chenille. An exceedingly curious and interesting novelty; unlike any other decorative plant. This plant is never out of bloom. It is bound to have a large sale on account of its oddity and rarity. 30 cents each; \$3.00 per dozen.

ACALYPHA TRIUMPHANS.

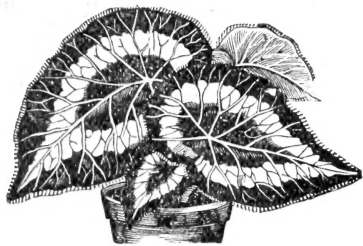

(New.) Bright rose foliage; fine for bedding. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

ALTHEA, SNOWDRIFT.

A lovely new pure white Rose of Sharon. Has no purple or other color to mar its purity. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

ALOYSIA CITRIODORA—Lemon Verbena.

25 cents per dozen; \$2.00 per hundred.

REX BEGONIAS.

REX BEGONIA.

These Begonias have the handsomest foliage of any plant. We offer a choice assortment of twenty of the best varieties. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Argentea Guttata.—This beautiful sort has the silvery blotches of *Alba Picta* and the grace and beauty of growth of *Oibia*. It has purple-bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. It produces white flowers in bunches on ends of growth stems. 50 cents per dozen; \$3.50 per hundred.

Alba Perfecta Grandiflora.—The foliage resembles *Rubra* in shape, but is a lighter green. It is a pure white-flowering Begonia of much merit. Try it. 50 cents per dozen; \$3.50 per hundred.

Alba Picta.—It is shrubby in habit and compact in form, having long, slender, lance-shaped leaves on short stems, thickly studded with silvery-white, the spots graduating in size from the center towards the margin. Foliage small, and the branches are upright and gracefully curving. 40 cents per dozen; \$3.00 per hundred.

Bertha de Chateaurouher.—Next to Dewdrop this is the freest-blooming Begonia we have. It blooms the year round. It makes a handsome window plant with its beautiful foliage and bright currant-red flowers. 50 cents per dozen; \$3.00 per hundred.

Decorus.—Foliage like *Alba Perfecta*, with beautiful shell-pink blooms, in great clusters. 50 cents per dozen; \$4.00 per hundred.

Fuchsoides Coccinea.—Beautiful pot plants. Graceful branches and pendulous clusters of coral-red flowers. Very floriferous. 40 cents per dozen; \$3.00 per hundred.

Foliola.—A beautiful small-leaved variety. Indeed, the smallest leaf of all the Begonias. Bright pink flowers in profusion 50 cents per dozen; \$3.00 per hundred.

Marguerite.—A seedling from the famous *Metallica*, which it resembles in foliage and bloom, but a better grower. 50 cents per dozen; \$3.50 per hundred.

M. de Lesseps.—The finest pot variety up to date. Large, deep-notched leaves, immense trusses of white flowers of large size. 50 cents per dozen; \$4.00 per hundred.

Rubra.—Too well known to need description. 60 cents per dozen; \$4.50 per hundred.

Sceptum.—A very handsome new variety, with large, velvety foliage and bright pink flowers. 75 cents per dozen; \$5.00 per hundred.
